ENABLING THE NEXT GENERATION OF ENVIRONMENTAL ADVOCATES.

Dynamic Earth delivered a series of co-created environmental science sessions in partnership with Multi-Cultural Family Base (MCFB), centring young people's ideas and interests throughout. The project aimed to connect young people with environmental science through inclusive, youth-led programmes that built relevance, inspired action, and supported a sense of ownership over environmental issues.

13 YOUNG PEOPLE

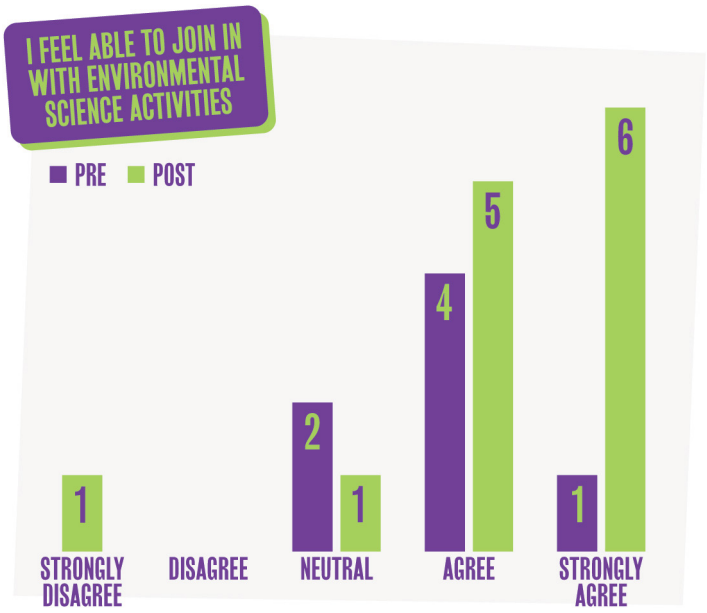
1 MARINE SCIENTIST

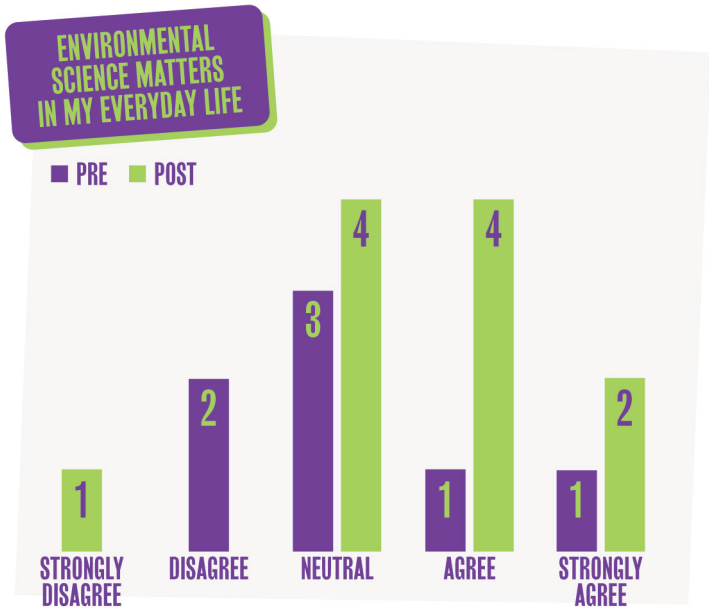
6 ENVIRONMENTAL WORKSHOPS

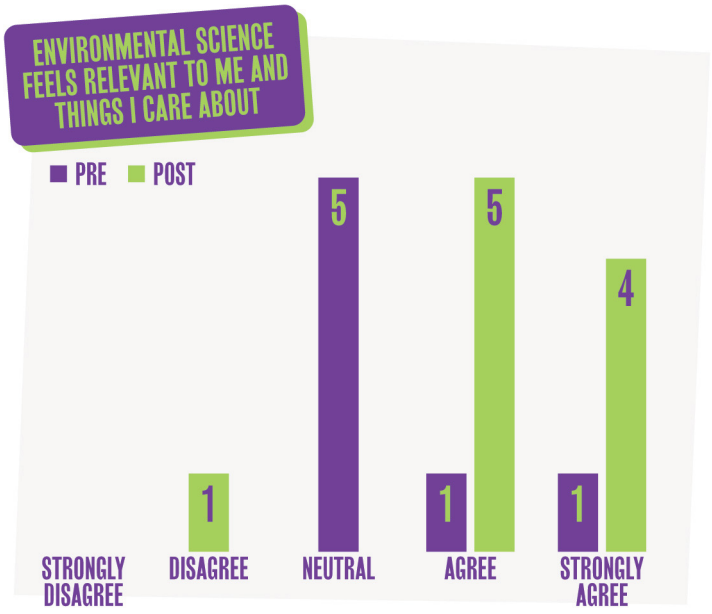
>100 INTERACTION HOURS

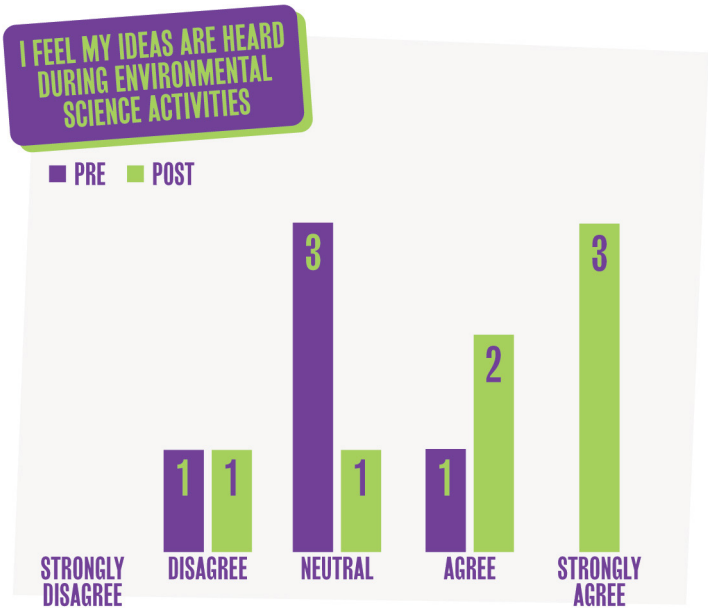
MAKING ENVIRONMENTAL SCIENCE RELEVANT, ACCESSIBLE AND ACHIEVABLE

The young people said:









Using a co-creation approach, young people's ideas and interests guided the content of each session.

- PLANNING SESSION
- GETTING TO KNOW DYNAMIC EARTH
- MARINE SCIENCE ACTIVITIES
- THREATS TO THE OCEAN AND SOLUTIONS
- MEET A MARINE SCIENTIST
- FINAL ART PIECE

This project was made possible thanks to funding from the association of Science and Discovery Centres (ASDC) and the Science and Technology Facilities Council (STFC)
